

VILLA PURI SAYAN

BALI - UBUD

Villa Puri Sayan is set on the edge of the famed Sayan ridge, a favoured location to the many foreign artists that have, for close to a century, impregnated Ubud and its creative community. Better known today for the eminent 5 stars hotels that have set residence within its peaceful community, Sayan remains home to selection of serene private abodes, behind which walls hides the gorgeous vista of the river and valley laying at its foot. Amongst these, one holds a supreme location, revealing behind its walls one of the most beautifully dramatic panorama one may be granted to encounter when visiting Bali: Villa Puri Sayan.

Upon crossing the threshold, one discovers a large circular living room, the centre point of the house. Decorated with much taste in tone and texture reminiscent of past African times. Light floods this high conical room through a set of French doors opening wide onto the terrace, ultimate spot for gorgeous al fresco living, hosting side by side the infinity pool and its lounging deck and a lovely shaded pergola, from which to enjoy the most breathtaking sunset view.

A few steps down to the right, a large Bale offers tranquil retreat from the sun and may be set for outdoor sleeping at will.

Off the living room, small hallways lead on either side to the bedrooms and their en suite private bathrooms. The master bedrooms, set in the upstairs of the south wing, is a warm and lustrous chamber with a mix of brightly coloured veil and richly embroidered or woven texture, polished teak floors and a lovely veranda from which to enjoy the exceptional surroundings.

The second bedroom, accessed by a small set of descending stairs, enjoys a softer decor with flaxen coloured walls, shaded by the covered by balcony onto which it opens.

The third and last bedroom found at opposite end of the living room, is a little gem of Chinese inspired theme, with its dramatic red walls, large antique and richly carved four poster bed, rug and golden doors. Opening directly onto the pool, it enjoys a certain privacy and quaint shelter from the rest of the house, enjoying a view framed by the glistening pool and contiguous flowering shrubs.

Lastly, the fully equipped kitchen, where delicious fare of both Asian and European tradition are created, tucked away behind the living room, adjacent to the laundry area and separate staff quarter.
