

## PANDAN HOUSE

BALI - SEMINYAK

The Pandan house, the smallest and cutest of the three havens in the lane, shares a wall with the compound of the Round house. A discreet doorway can be open if either home would need expandable facilities.

Here though everything may seem of Lilliputian quality, it is in effect a very well designed and extremely enjoyable, calm and comfortable one bedroom pad.

Under the roof of a Javanese structure, with beautiful original decorative tiles and accents, rest one large space to be divided on request with the sliding walls, into three: living, sleeping, bathing and opening onto a full length aqua blue pool and surrounding deck.

The atmosphere is fresh and colorful here. Playful and happy, yet calm, secluded and grounding.

Nothing missing... The inviting kitchen where you will want to brew your own pot of coffee. A comfy sofa to cuddle up and read. A large table to share animated meals.

A most grand and inviting bed for lazy peaceful or pleasurable mornings...and even all the necessary storage to hide any possible clutter.

Finally a lovely bathtub to enjoy perfectly still moments and last but not least, a definitely stylish spot under the sun by the side of the pool.

To top it all, from every corner of the house, a pleasing view for the eyes...what more could you ask for.
