

ROUND HOUSE

BALI - SEMINYAK

A few steps further down the lane from the African house a door, almost unseen in the wall, opens onto the ground of the Round house.

It is a quaint and lovely compound, very much appreciated by families with small children.

The main house welcomes you to a cozy, colorful and warm living area with an open kitchen on one side and the dining area a few steps away. Both areas enjoy an open view to the luscious and inviting garden and the beautiful pool blessed by the calm and gentle gaze of the white sandstone Buddha.

Back in the living room, two doors, slightly hidden, lead you to two queen size air conditioned bedrooms connected at the back by a charming bathroom with the most wonderful aqua blue terrazzo walls and bath.

One of the bedrooms benefits the added expanse of a retreated alcove, fitted with a small mattress perfect for extra sleeping.

Hidden behind the main house is yet a third bedroom for those who may enjoy the possibility to retreat from the 'happening' at the heart of the house. Within powdered hued walls, here again is a queen size bed, air conditioning and en suite shower room of simple understated elegance.

The house shares a doorway to its neighbor the Pandan house, which makes it a great choice for larger group providing them with four bedrooms, two pools, two kitchens and multiple living areas.
